Dear Sir:

The references listed in the attached PTO Form 1449, copies of items 2 through 6 of which are attached hereto, may be material to examination of the above-identified patent application. As to item 1 on the attached Form 1449, this item is a textbook discussing items of general applicability to the patent. The textbook is too voluminous to be included herewith.

Applicants submit these references in compliance with their duty of disclosure pursuant to 37 CFR §§ 1.56 and 1.97. The Examiner is requested to make these references of official record in this application.

This Information Disclosure Statement is not to be construed as a representation that a search has been made, that additional information material to the examination of this application does not exist, or that these references indeed constitute prior art.

This Information Disclosure Statement is believed to be filed before the mailing date of a first Office Action on the merits. Accordingly, it is believed that no fees are due in connection with the filing of this Information Disclosure Statement.
